Conservative Meeting

Four Speakers Address Audience

On Friday evening last, a meeting of the Conservatives and their friends was held in the Acheson Hardware Building. A dias was built for the occasion and the walls were nicely decorated with bunting and flags of all the countries that have united in the fight against the iniquitous Hun. Mr. R. H. Driedger acted as Chairman.

MR. JONAH, CANDIDATE
E. Gordon Jonah, prospective member for this constituency was the first to be introduced to the audience. Mr. Jonah is a sincere advocate of better roads and if elected will do all in his power to have the automobile license money, with the exception of minor expenses, reverted to the districts from which the money came. He next mentioned inadequateness of the present telephone system and went into detail as to the cost of construction at various times. The prospective member spoke of the "The Theatre Tax." The amount of this tax last year was \$45,000. Did the Sifton Government give this to the Patriotic Fund?

PATRIOTIC ADDRESS
Mr. Daniel Macgregor, who is a fluent speaker, first referred to the franchise given to the women of this Province. He went into discourse for a few minutes regarding the War and its prosecution. He intimated that this was, as never before, the period for co-operation, production and economy. He also spoke upon a subject which at the present time is the aching sore of our fair Dominion, Quebec. It was manifest that some sympathizers were in the audience.

PLEDGES SUPPORT
R. E. Gillespie, who has a farm in the immediate vicinity of Oyen gave a short and laudable address. He referred to the time of the money stringency about three years ago. Mr. Gillespie pledged his support to the Conservative Party owing to actions taken by the present member of the Legislature during that period, regarding some road work that was being done near Oyen.

FORMER LEADER
Mr. A. J. Robertson was the last speaker to be introduced. He was a member of the Legislature from the organization of Province until 1900. He said that the Prohibition Bill was introduced by the Conservative Party first, as also was the Equal Franchise Bill, but were turned down by the government in power. Later they were forced on the government. The "Cow Bill" recently enacted in Alberta was nick-named the "Cow Bell Bill" by the former leader as there were certain false accusations in the Bill. He spoke of the money expended by the present government for the experimental farms and if the government could not make the farms pay, why should they expect the homesteader to be successful, when he has no big account to draw upon. He also referred to the Railways of the Province. The last subject spoken of was the other expenditures of the present power. Were they cautious as to the way the money was spent? At the time the Province was formed there was a clean sheet as to finances. When the Rutherford Government (page five)

For the Fatherland

With me past the trenches
Just the Belgian frontier,
A green secluded valley,
In the Fatherland.

And miles behind these trees
A silver-verdant sunlit
The morning woods
What do they handle here?

And soldiers, who have fought
And fallen,
In the Fatherland.

Stripped of their uniforms,
Wired into bundles of trees
And fairs,

They make their last journey
To the Fatherland.

Their flesh is turned into oils
And greases,
Their bones are ground into
powder to fatten pigs.

For the Fatherland.

Listen: Above the treetops in
that lonely vale

There floats a ghostly sound
"We yielded everything—
The decencies, the pieties,
the humanities—"

Yes, Christian burial and a
flower wreathed cross in
the Gettesacker:

We gave all, all,
For the Fatherland.

She weighed 1510 pounds and  
the individual check that she  
was responsible for amounted  
to \$128.35. The rest of the lot  
sold at various prices, and Mr.  
Beard is quite satisfied with the  
results of his trip. He was in  
the high side of the hog  
market too, and sold his two  
pigs quite a hole in the  
supply of Calgary cut-

## Independent Candidate Holds Meeting in Oyen

On Monday evening last the Independent Candidate, Mr. Lorne Proudfoot held an enthusiastic meeting in the Methodist Church. The chairman, Mr. Robert Gardiner in introducing the candidate, said that there was a feeling throughout the country that the time had come when an independent man should represent the people in the Legislative Assembly and a man who was not held down by partisanship.

Mr. Proudfoot, in a long and eloquent address gave the audience some facts regarding the corruption in both the Liberal and Conservative Governments in Manitoba, Saskatchewan and British Columbia, and that it was time the electors put men into these offices, who had a mind of their own as well as principle.

Mr. Proudfoot said that he was strongly in favor of all the appointments of civil servants by merit and not by political pull, and said that he knew of several cases, when the government changed, the people holding office under the old government were dismissed for no other reasons than that they were followers of the defeated party. The speaker was also in favor of political campaign funds and contributions and their expenditures being made public both before and after an election.

Mr. Proudfoot addressed the audience at some length criticizing the Milford government and that he had that Conservatives been in power it would have been better. If elected, he would do all in his power to help to establish an honest administration in the Province and to forward to the newspapers throughout the constituency a weekly report of the sessions, and should he fail to do as the electors requested him to, recall him from being their member of the Legislature.

If you are looking for a good time do not fail to visit the picnic at Mr. Hewitt's, 17-30-4, on June 15th. The Lovedale United Farmers are arranging a program of varied sports.

## Fire Destroyed Buildings

Last Thursday evening at ten o'clock a fire broke out in the chicken house on the farm of Sam Adoloid, who lives near Childmark, Alta. Before any of the family could get to the barn it was in flames. There were six head of horses in the barn that were not saved and some poultry. The origin of the fire is not known but an investigation will be started immediately.

## Picnic at Glenada School

On June the second the United Farmers of Alberta gave their first picnic at this school. Although the morning was cool, a large crowd was there to have a good time, and from all reports, every one did enjoy themselves. The committee are to be congratulated upon their ability in arranging the affair, as not one hitch was manifest. The program given by the children was appreciated by all as was the entertainment given by some of the older children. The sum of seventy-one dollars and sixty cents will be handed to the Red Cross Fund.

Many members of the Lovedale Local attended the picnic and they are going to have a picnic at Mr. Hewitt's, 17-30-4, on June 15th. They desire the members of the Glenada organization to reciprocate. Most of the sports will be of an aquatic nature, something out of the ordinary for Western Plains.

## A Car of Proven Quality

THE Ford car has been on the market twelve years, surely long enough to have proven its high quality. There is nothing experimental about it. Every part has stood the test of time and proven its stability with hard service. No other car has ever approached the durability records of the Ford.

No matter what price you pay for a car you cannot get one with a stancher chassis. Government Laboratory tests have shown that the different parts of the Ford car are superior to those in any other car. Ford Vanadium steel has never been equaled in strength.

If you want a car that can plow through deep mud, sand and gravel—that can cross fields, cut through roads and ford streams—that can climb the steepest hills with ease—that will give the greatest mileage all year round with the least expense and care—then there is only **ONE** car for you—The Ford.

Is Our Specialty

If you have a piece of land you want to sell, give us a listing. At the present time we have enquiries from Eastern Canada, the Middle and Western States. The advertising we do costs you nothing and we don't ask a cent of commission until we find you a purchaser.

If you want a real snap let us show you over the following:—

Half Section 2 miles from Oyen, 140 acres in crop, choice land, \$22.50 per acre, easy farm.

The "close in" pieces are being picked up first, so don't delay. No trouble to show you over.
